-THE ABNEY PARK TRUST-

The Abney Park Trust manages Abney as a wonderful woodland cemetery, a nature reserve, heritage asset and public park. The Trust is working with StokeyLocal, The Abney Park User Group and others to fight the Wilmer Place development which will seriously damage all these qualities of the park.

-STOKEY LOCAL-

Stokey Local is an umbrella group made up of local organizations, communities and individuals. We are opposing the current proposals for a 5 storey residential development above a 4100 sq m Sainsbury's Supermarket at Wilmer Place, next to Abney Park. The scale and nature of the proposed development will significantly damage the amenity, seclusion, biodiversity and heritage status of Abney Park without deriving any meaningful public benefit. We are currently fighting a legal battle in the High Court which will reach it's next stage in September. Our team of barristers are working at no cost to us, but we do have legal costs for court, admin and solicitors's fees, and we will face an additional £15,000-20,000 of costs if we lose the battle. We are grateful for the hundreds of contributions we have received so far, but we need more to continue to fight. Please feel free to ask questions of our representatives in the Park on the day, and consider contributing to the fighting fund.

-ABNEY PARK USER GROUP-

The Abney Park User Group (APUG) is open to all users of Abney Park, from ecologists to dog-walkers, grave-tenders to historians and everything in between. As a constituted group we organise meetings and activities and aim to be an interface between the Trust and the public. If you would like to join us in protecting the future of Abney, please email:
